with proactive truck tracking and updates

Why is it secure to work with us?

Flexible & controlled transport

- Multi-country truck registrations (CIS and EU)
 - Fast relocation of fleet by road on demand
- Stable delivery across North and Middle corridors

Reliable documentation & compliance

- In-house 24/7 customs clearance team
- Full documentation support (EX, T1, FITO, COO)
- Legal & HS code checks for smooth border crossing
- 25+ trusted customs agents in EU, CIS, and CN

Fully operational visibility & response

- Real-time GPS tracking
- 24/7 SOS Monitoring Center
- Immediate action on delays or disruptions

Strategic presence & long-term partnership

- European business with strong presence across key markets in Europe, Kazakhstan, China
- Experienced teams on-site for border, port & customs coordination
- Strong partner network at key locations (e.g. ferry ports, clearance hubs)
